Message from the Board President and Executive Director

2023 was an exciting year where we enjoyed seeing seniors return to our branches, programs and services returning to better than pre-COVID numbers and welcomed new members.

Our story began in 1968 when the first drop in centre for seniors opened on John Street and since then we have grown to five busy locations.

We have collectively created legacies for seniors across the province and are privileged to work with business and community partners that see a like-minded vision.

Our success with grant applications once again played a significant part in how we were able to complete capital projects and provide free events for seniors in our community.

Community outreach and fundraising events resumed in 2023 including our annual charity golf tournament, Oshawa Generals Night, New Year's Eve event and new in 2023 our June 'Seniorbration' at the Jubilee Pavilion where the Senior of the Year was recognized.

OSCC55+ continued to play a critical role with the City of Oshawa Teaching City initiatives partnering with Ontario Tech, Durham College and Trent focusing on reducing social isolation of seniors.

In 2024 we are committed to continuing to grow a more inclusive, equitable and sustainable organization through the newly developed 2024-2028 Strategic Plan.

Our leadership will ensure strategic expertise is demonstrated in all aspects of our work as we continue to offer 'best-in-class' services to seniors.

We wish to express our sincere gratitude to the Board of Directors, staff, volunteers and participants for their continued support and look forward to a bright future.
